CASE STUDY

Granor AC-AR Bridge Expansion Joint

Project: Gateway Upgrade Project, Brisbane

Client: Leighton Abigroup Joint Venture

Joint Type: Granor AC-AR

HMS Civils undertook the installation of a Granor AC-AR Expansion Joint as a part of the Gateway Upgrade Project in Brisbane.

The contract involved the installation of 12.5 linear metres of joint into a pre-formed recess; formed against temporary edge formwork installed to replicate the finished asphalt levels.

The asphalt surfacing was applied at a later date.

One Joint was installed at each Abutment.
